WINDFORCE Conference Sponsoring

Use the effectiveness of a company presentation

As a sponsor you have the opportunity to present your company or institute to an international high-level audience.

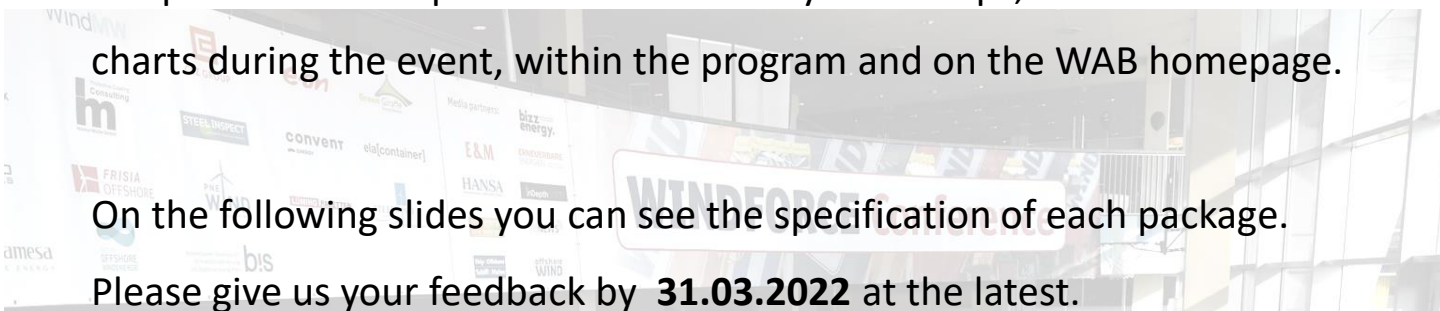

Use the sponsoring to expand your network on an international platform of leading companies operating in the offshore wind industry.

You can choose between many different sponsoring packages which are tailored to different needs. Thereby, through the diverse possibilities of presentation, you get some special focus on your company.

All sponsors will be presented additionally on roll-ups, banners and charts during the event, within the program and on the WAB homepage.

On the following slides you can see the specification of each package.

Please give us your feedback by **31.03.2022** at the latest.
